The applicant states that this application is made by the Benjaminson family, who are the owners of this property.

- B. A grant of a special exception is basically a matter of development policy, rather than an appeal based on administrative error or on hardship in a particular case. The Board of Appeals should consider the relation of the proposed use to the existing and future development patterns. A special exception shall be granted when the Board finds that:

1. The proposed use is consistent with the purpose and intent of the Comprehensive Development Plan and of this chapter; and

The applicant states that the use is allowable by the Ordinance provided the Special Exception is approved.

2. The nature and intensity of the operations involved in or conducted in connection with it and the size of the site in relation to it are such that the proposed use will be in harmony with the appropriate and orderly development of the neighborhood in which it is located; and

The applicant states that the chicken coup will be located in accordance with the zoning requirements. (Attachment 1)

3. Operations in connection with the special exception at the proposed location shall not have an adverse effect such as noise, fumes, vibration or other characteristics on neighboring properties above and beyond those inherently associated with the special exception at any other location within the zoning district; and

The applicant states that the coop will be located behind the existing home and directly adjacent to a forest conservation area. (Attachment 1) We do not intend to raise roosters that will create audible nuisance.

4. Parking areas will comply with the off street parking regulations of this chapter and will be screened from adjoining residential uses, and the entrance and exit drives shall be laid out so as to achieve maximum safety.

The applicant states that there will be no change to parking as a result of the chicken coop.

The road system providing access to the proposed use is adequate to serve the site for the intended use.

The applicant states that no change to the road network is required by this development.

C. In addition to the general requirements listed above, uses requiring a special exception shall be subject to the specific requirements for each use outlined in §§ [1-19-8.320](#) through [1-19-8.355](#) of this Code.

The applicant understand this requirement.

D. A special exception approval may be granted in accordance with the general and specific requirements enumerated in this section. The Board of Appeals may, in addition to other requirements imposed under this chapter and is hereby authorized to add to the specific requirements any additional conditions that it may deem necessary to protect adjacent properties, the general neighborhood, and its residents or workers. Violation of such additional conditions, when made a part of the terms under which the special exception permit is granted, is a violation of this chapter and may be grounds for termination of the special exception.

The applicant understand this requirement.

E. The Board of Appeals shall not grant a special exception unless and until:

1. A written application for a special exception is submitted indicating the section of this chapter under which the special exception is sought and stating the grounds on which it is requested.

The applicant understand this requirement.

2. A public hearing has been held; and the Board had made a finding of fact that the special exception requested meets the general and specific requirements outlined in this section.

The applicant understand this requirement.

F. The grant of special exception may include approval of customary incidental accessory uses as reviewed and approved by the Zoning Administrator.

The applicant understand this requirement.

G. No use or activity permitted as a special exception shall be enlarged or extended beyond the limits authorized in the grant of special exception. All enlargements, extensions, and changes in use shall require grants of special exception, as in the case of an original petition.

The applicant understand this requirement.

H. If a grant of special exception is denied, no new petition for the denied use on the same property shall be accepted by the Board of Appeals for 1 year after the date of denial of the petition.

The applicant understand this requirement.

- I. A decision of the Board of Appeals granting a special exception will be void 5 years from date of approval by the Board of Appeals unless the use is established, a building permit is issued, construction has begun, or final site development plan approval has been received in accordance with the terms of the decision. Upon written request submitted to the Zoning Administrator no later than 1 month prior to the expiration date and for good cause shown by the applicant, a 1 time extension may be granted by the Zoning Administrator for a period not to exceed 6 months.

The applicant understand this requirement.

Limited Agricultural Activity In The Residential Districts.

A limited agricultural activity shall be permitted in the residential districts where the following provisions are met:

- A. The keeping of farm animals in conjunction with a single family residence, on lots less than 3 acres, shall be permitted in residential districts provided that no pens, stalls, or runs will be located closer than 50 feet of any lot line (see also § [1-19-8.240](#)).

The applicant states that the coop will be located behind the existing home. (Attachment1) We do not intend to raise roosters that will create audible nuisance.

Action Required:

Staff requests that the Board review the general and specific criteria for Special Exception under Section 1-19-3.210 (*Special Exceptions*) and Section 1-19-8.325 (*Ltd Ag Activity in the Residential Districts*) and render a decision on the applicant's request to allow no more than 10 chickens with no roosters on their property.
