 - (1) The proposed use is consistent with the purpose and intent of the Comprehensive Development Plan and of this chapter; and

The Applicant states that the intended use will be in compliance with the ordinance provided that the special exception is granted.

The coop/run will be at least 50' away from all property lines and will back up to a wooded area. It will not be adjacent to any neighboring lots

- (4) Parking areas will comply with the off street parking regulations of this chapter and will be screened from adjoining residential uses, and the entrance and exit drives shall be laid out so as to achieve maximum safety.

The Applicant states that the property is a private residence and as such no further parking is required.

(5) The road system providing access to the proposed use is adequate to serve the site for the intended use.

The Applicant states that no change to the road network is required for this use.

(C) In addition to the general requirements listed above, uses requiring a special exception shall be subject to the specific requirements for each use outlined in §§ 1-19-8.320 through 1-19-8.355 of this Code.

The Applicant states she understands this requirement.

(D) A special exception approval may be granted in accordance with the general and specific requirements enumerated in this section. The Board of Appeals may, in addition to other requirements imposed under this chapter and is hereby authorized to add to the specific requirements any additional conditions that it may deem necessary to protect adjacent properties, the general neighborhood, and its residents or workers. Violation of such additional conditions, when made a part of the terms under which the special exception permit is granted, is a violation of this chapter and may be grounds for termination of the special exception.

The Applicant states she understands this requirement.

(E) The Board of Appeals shall not grant a special exception unless and until:

(1) A written application for a special exception is submitted indicating the section of this chapter under which the special exception is sought and stating the grounds on which it is requested; and

The Applicant states she understands this requirement.

(2) A public hearing has been held; and the Board had made a finding of fact that the special exception requested meets the general and specific requirements outlined in this section.

The Applicant states she understands this requirement.

(F) The grant of special exception may include approval of customary incidental accessory uses as reviewed and approved by the Zoning Administrator.

The Applicant states that she request to be allowed to raise up to 10 chickens and place a chicken coop and run in a manner consistent with the requirements of the Frederick County Zoning Code.

(G) No use or activity permitted as a special exception shall be enlarged or extended beyond the limits authorized in the grant of special exception. All enlargements, extensions, and changes in use shall require grants of special exception, as in the case of an original petition.

The Applicant states that she understands this and has no intention of increasing the number of chickens approved or change the location in a manner that is not consistent with the requirements of the Frederick County Zoning Code.

(H) If a grant of special exception is denied, no new petition for the denied use on the same property shall be accepted by the Board of Appeals for 1 year after the date of denial of the petition.

The Applicant states she understands this requirement.

(I) A decision of the Board of Appeals granting a special exception will be void 5 years from date of approval by the Board of Appeals unless the use is established, a building permit is issued, construction has begun, or final site development plan approval has been received in accordance with the terms of the decision. Upon written request submitted to the Zoning Administrator no later than 1 month prior to the expiration date and for good cause shown by the applicant, a 1 time extension may be granted by the Zoning Administrator for a period not to exceed 6 months.

The Applicant states she understands this requirement.

The Applicant states that the coop/run will be located at least 50' away from all property lines. (Attachment 1)
