RE: Ordinance 1-19-8.240 and 1-19-3.210

I am requesting a Special Exception: Limited Agricultural Activity since our property is not 3 acres or larger. Our property is just over 1 acre in size and is zoned R-1. We request a special exemption under Zoning 1-19-8.240.

My wife (Katherine) and I are the owners of the property at the above address.

Nature and intensity:

Our chickens are for our consumption and will be housed in a coop with a short run-out area. We expect to house approximately 15 chickens. The coop is about 10' X 10' with a run-out of about the same size.

The enclosure will have a setback of 50'+ from the property line. We expect to have no impact with surrounding houses since the chickens will be contained within the enclosure.

Our project will be small in nature, and we are not selling to the public. There will not be a traffic concern from our project.

Noise should not be an issue since we won't have roosters. The potential of odors should be negligible, since the manure is cleaned out routinely, and is used in our garden.

If this application would be denied, we would have to spend a lot more money on poultry and eggs. Also, my out-of-pocket costs for garden fertilizer would significantly increase.

The enclosure will be placed on a level surface.

As stated above, parking and street access is not a concern.

Sincerely

A handwritten signature in black ink, appearing to read 'D. Fuss', written in a cursive style.
