COMMUTE SOLUTIONS THAT WORK FOR YOUR BUSINESS

TRANSIT's free Employer Assistance Program helps connect your company to a better commute with free consultation, advice, strategies and tools. Offer your employees the opportunity to participate in programs like Guaranteed Ride Home, a complimentary commuter insurance that provides free rides home in the event of unscheduled overtime or emergency, up to four times a year. Other alternatives like compressed work weeks or telework programs can boost morale, reduce absenteeism and turnover, and increase

productivity in the workplace. As the cost to replace employees increases, the need for transportation demand management solutions are becoming more and more important for recruitment, retention and satisfaction. Become an Employer of Choice with these strategies; improve your organization's success, vitalize the economy and increase the quality of life for all residents and employees of the local region.
