

## Instructions for Dental Rule's One-Time Compliance Report

Excepted Practice -- If this is an excepted dental practice, complete Boxes A, B & D3.  
Sign, date and submit the form no later than October 12, 2017.

Existing Practice -- If this is a dental practice which existed prior to July 14, 2017, you must be in compliance by July 14, 2020. Complete Boxes A, C, D1, D2 and D3.  
Sign, date and submit the form within 90 days of introduction of compliant wastewater into the sewer, but no later than October 12, 2020.

Existing Practice in compliance already - If this is a dental practice which existed prior to July 14, 2017 AND were already in compliance on the effective date of the rule, July 14, 2017, complete Boxes A, C, D1, D2, and D3.  
Sign, date and submit the form by October 12, 2017.

New Practice -- If this is a dental practice that began discharging wastewater on or after July 14, 2017, you must be compliant with the new rule. Complete Boxes A, C, D1, D2 and D3.  
Sign, date and submit the form no later than 90 days following the introduction of wastewater into the sewer.

**NOTE: Special conditions** apply to dental practices which have already installed comparable devices that do not meet the newly published standards. Contact the DWSU at 301-600-2511 if your practice has such a device that has not yet reached its 10 year lifetime.
