Vision Statements

Frederick County Sheriff's Office – Vision Statement

The Frederick County Sheriff's Office is committed to providing services that are fair, impartial and effective while holding employees to the highest standards of efficiency, morality and professionalism. The Sheriff's Office is comprised of skilled dedicated professionals, striving to be proactive, rather than reactive where possible. We are responsible and accountable to each other as well as the public we serve. We believe in God, ourselves, our country, state and county. We believe in the concept of continuous improvement in all our endeavors, always striving to be the best we can be.

Corrections Bureau – Vision Statement

The Corrections Bureau's VISION is to; strive to be proactive not reactive in every aspect of operation, empowering all staff to perform to their highest expectation, enable decision and duty flexibility within established policy and procedure, being responsible and accountable to each other and our shared duty and vision. With these objectives our organization will become an efficient agent of change for staff, offenders and the public we serve; never forsaking the element of evaluation to assure we are always the best we can be.

Purpose of a VISION

A VISION identifies what the organization stands for and where the organization intends to go. It is a simple inspirational focusing statement that helps all the organization's employees identify with a cause greater than themselves. A VISION helps everyone in the organization see clearly where it is they are working so hard to go. A VISION helps us see why and how our work is important. Having a common VISION creates great unity and a sense of commitment. Victor Frankel (1985) wrote about his observations in a Nazi concentration camp during World War II; he realized that those who survived in the most dreadful of conditions were those who had a VISION, a picture of what they were supposed to do in life, a purpose of being. All of us strive to have a purpose in the various areas of our lives; therefore, if we are committed to a purpose, to something greater than ourselves, we are much more likely to be motivated, energized, creative and loyal. Sometimes direction in travel eludes us, but with the map of a VISION, the direction is clear.

FREDERICK COUNTY SHERIFF'S OFFICE – Corrections Bureau

2014 Annual Report

From the Sheriff

It is an honor as your Sheriff for Frederick County, to present the 2014 Annual Report for the Frederick County Sheriff's Office Corrections Bureau. This annual report highlights the advancements within the adult detention center and achievements of correctional staff as the agency moves forward into 2015. The primary mission of the facility and staff is the safety, security, and care of inmates within the facility, with corrections and detention being a vital piece of the criminal justice system. The detention center is a difficult and challenging work environment for our officers to work on a daily basis, as they deal with and manage individuals incarcerated for a multitude of criminal acts. One additional complexity within the corrections environment is the wide range of psychological, emotional, and substance abuse issues suffered by a large percentage of the inmate population.

The Frederick County Adult Detention Center is recognized as a model detention facility throughout the state and region. The facility is routinely audited for compliance with both state and federal correctional standards and routinely exceeds those standards, as well as exceeding all correctional training standards. We continue to improve the efficiency and safety of our daily operations through the implementation of new technologies. These technologies include enhanced video surveillance within the facility, electronic medical records system for inmates, and the purchase of a state-of-art full body x-ray scanning system to prevent all forms of contraband from entering the facility. The full body scanner system will be installed and operational in early 2015. Our Corrections Bureau is called on from throughout the state by other agencies looking for our lead on effective policies and security procedures. One area of policy and training in which our Corrections Bureau clearly stands out in front, is the Prison Rape Elimination Act which was enacted into federal law as a set of national detention standards. Our detention center has always used the best practice approach in addressing this serious issue. In 2014 staff completed implementation of those standards by working diligently in shaping policy, training all staff and volunteers, educating inmates, and vigorously working to prevent any type of sexual contact, misconduct, or harassment inside of the facility. That monumental task continues constantly through ongoing training of new staff, inmates, and visitors.

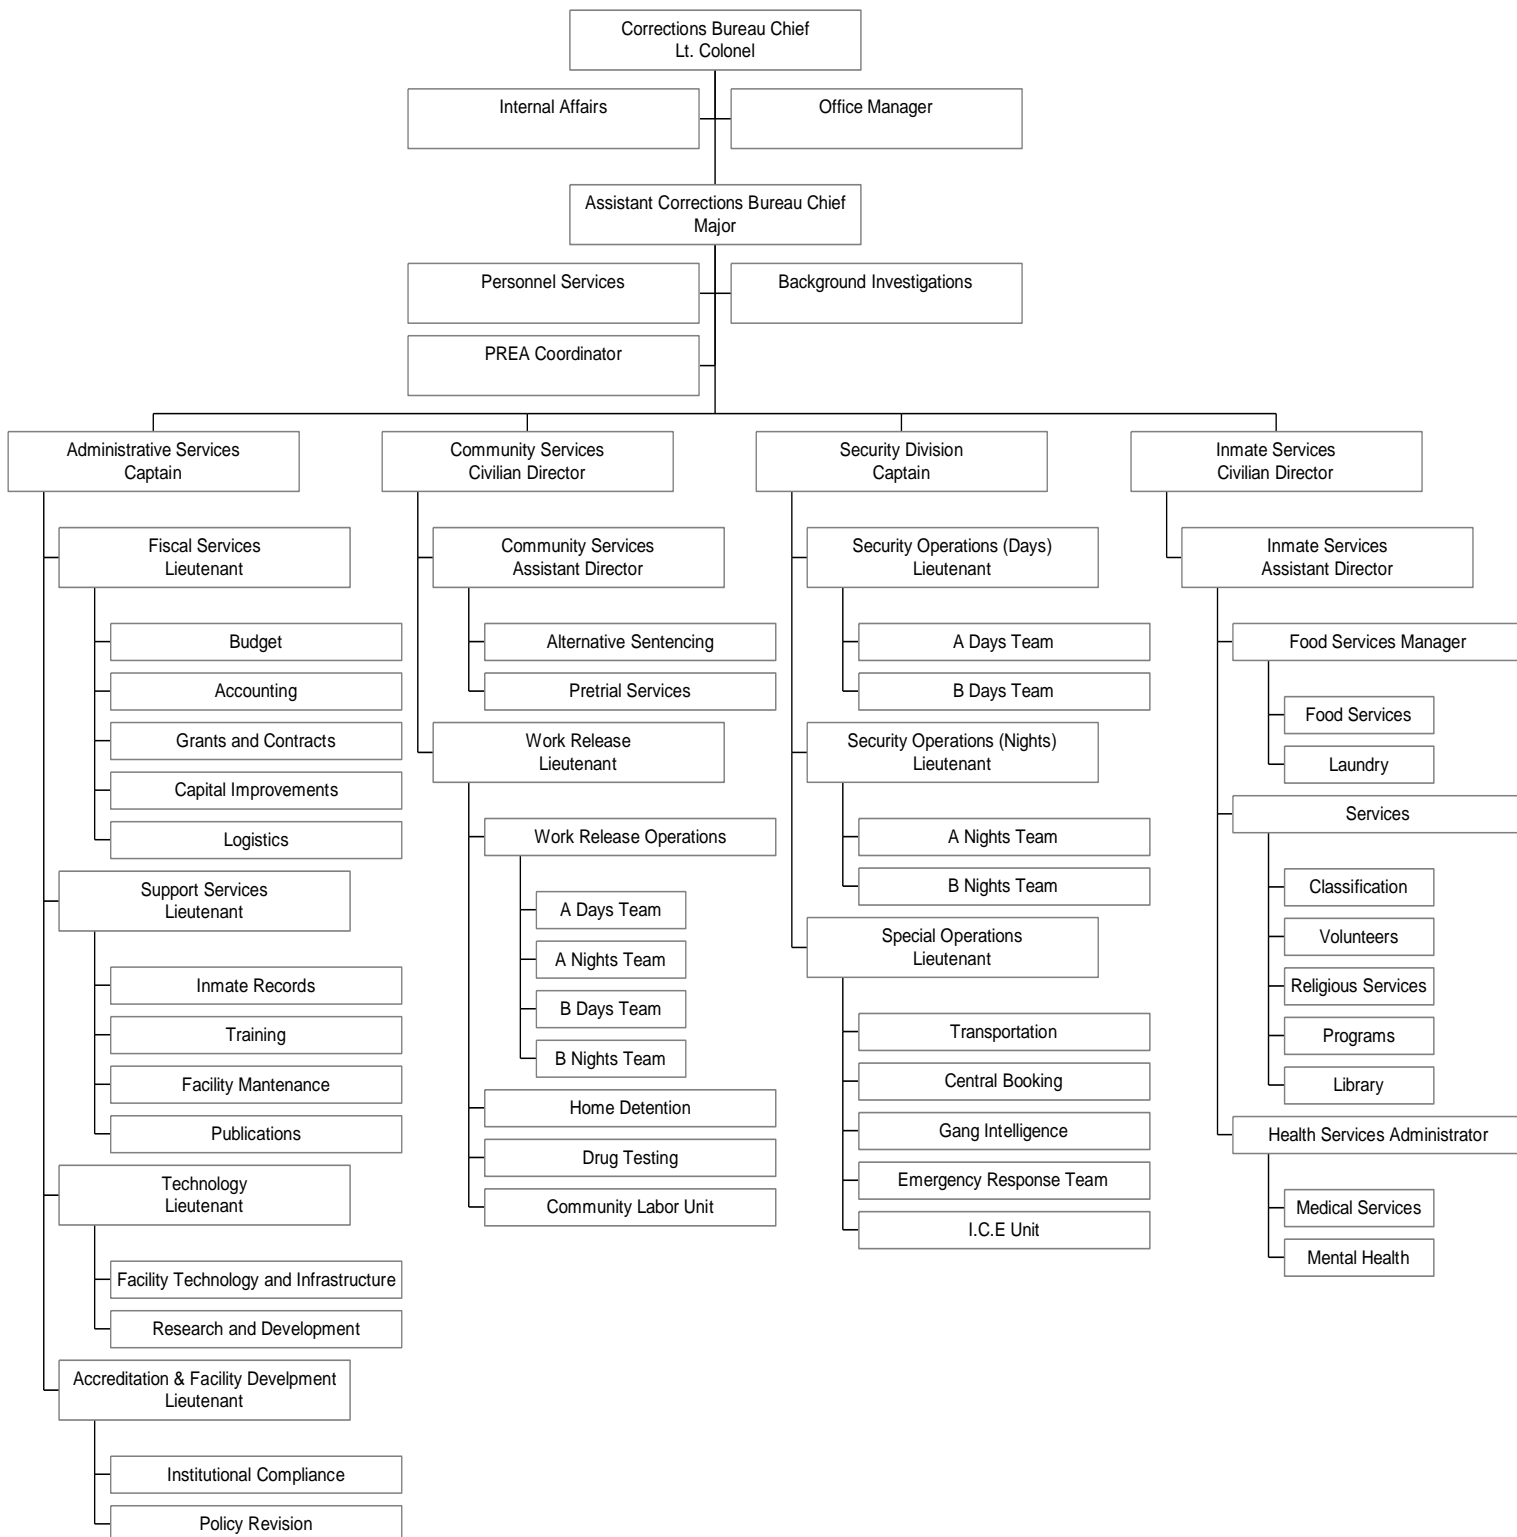

Our partnership with the Department of Homeland Security through the 287g Program is going extremely well, is very effective, and has been recognized nationally as a model partnership program. Despite the current budget climate the Corrections Bureau has continually advanced, maintaining a high level of professionalism and excellence in the delivery of essential services in the field of corrections. I can assure the citizens of Frederick County that the Frederick County Adult Detention Center is a very secure, safe, clean, and efficient facility. The staff of the Corrections Bureau does an outstanding job in a sometimes difficult and challenging environment, and is dedicated to performing their duties to high standard of excellence in their profession. It is important that the general public recognize the mission of Corrections Bureau and outstanding commitment of staff.

Security Division

The Security Division is supervised by the Captain Steve Snow, Director of Security. This division provides overall security, custody, and confinement of all incarcerants remanded to the custody of the Detention Center by the judicial system. The division is organized into three primary units: Security Operations/Day Shifts, Security Operations/Night Shifts, and the Special Operations Unit.

SECURITY OPERATIONS

The Security Operations Unit, probably the most important unit within the Corrections Bureau, is comprised of four independent teams that work 12-hour rotating shifts. Two Lieutenants (Lt. Alan Morrison and Lt. Charles Clarke) command two of the Security Operations Shifts that provide 24-hour security coverage of the Detention Center and the Central Booking Unit. Correctional Officers are charged with the general security, custody, and control of the inmate population and physical plant. The duties performed by the uniformed staff of the Security Division are varied and vital to the maintenance of a safe and secure environment for the incarcerants remanded to our custody and to all Detention Center personnel. The Correctional Officer of today must respond to duties that span the spectrum, from counselor to policeman to medical first responder. Today's Correctional Officer is an expertly trained, self-motivated, well educated, and responsible individual in an extremely demanding and challenging profession.

SPECIAL OPERATIONS

The Special Operations Unit is commanded by Lieutenant Michael Cronise and is comprised of the Transportation Unit, the ICE Unit, Emergency Response Team, and Central Booking. Additionally, this Lieutenant is responsible for any other special operations that might occur.

Transportation Unit

The Transportation Unit is responsible for transporting all adult prisoners to and from local and out-of-county courts, medical appointments, and evaluations within the State of Maryland. This unit is also responsible for transporting juveniles that have been court-ordered to a juvenile facility within the State of Maryland. The Frederick County Sheriff's Office - Corrections Bureau has a fleet of eleven vehicles. In 2013 the Corrections Bureau received a new transport

van with three separate compartments to transport inmates.

Central Booking Unit

Another major area within the Special Operations Unit is Central Booking, which officially opened for operation in October of 1996. Central Booking is an integral part of law enforcement processing in Frederick County. Police agencies using the Central Booking Unit include the Frederick County Sheriff's Office, Brunswick City Police, Thurmont City Police, Maryland State Police, Frederick Police Department, Department of Natural Resources Police, and State Fire Marshal's Office. The processing of an arrestee, with the exception of receiving the positive identification, is usually completed before the police officer has finished the law enforcement component of the process. This translates directly to a speedier return of police to police duties.

Immigration (I.C.E.)

The Frederick County Sheriff's Office and the Department of Homeland Security, Immigration and Customs Enforcement have partnered to enhance the safety and security of Frederick County through

local enforcement of Federal Immigration Law. The Frederick County Sheriff's Office participates in two separate I.C.E. programs. They are the IGSA (Inter Governmental Service Agreement) which started July 12, 2007 and the 287(g) program which started April 11, 2008.

Emergency Response Team

The Corrections Bureau has staff that is trained in special weapons and tactics. This unit is utilized during occasions for crowd control, high risk inmate movement, cell extractions, and other specialized situations.

Video Bond Review System

The Corrections Bureau utilizes a video system designed for conducting court bond hearings, bond reviews, and extradition hearings. This video system is between the courts and the Detention Center. The system allows the hearings to occur without the offender ever leaving the Detention Center. Utilizing this system eliminates the security risk associated with transport and diminishes the cost of transport.

FREDERICK COUNTY SHERIFF'S OFFICE – Corrections Bureau

2014 Annual Report

Community Services Division

The Community Services Division is supervised by Mrs. Theresa Benner, Director of Community Services and provides the following legislatively mandated programs that offer sentencing alternatives to the courts: Work Release, Home Detention, Alternative Sentencing and Pretrial Services. These programs are cost effective and well managed alternatives to incarceration that offer an extreme benefit to the Criminal Justice System, the offender and citizens of Frederick County.

WORK RELEASE PROGRAM

The Work Release Program began its operation in 1989. The program is a structured drug and alcohol free operation with a “zero tolerance” approach for substance abuse. The basic concept of the Work Release Program is to allow offenders, who are employed at the time of sentencing, to maintain their jobs in the community, pay program costs and continue to lend financial support to the family. The participants must provide their own transportation to and from employment and are held accountable for maintaining total compliance to program guidelines.

HOME DETENTION PROGRAM

The Home Detention Program was staffed by a Corporal and one Correctional Officer/Community Monitor. The Home Detention Program began in 1991. This is a program that is based on intensive supervision through use of Global Positioning Satellites (GPS). The inmate is mandated to wear an ankle bracelet and a GPS tracker at all times. Participants on the program are also required to maintain employment and pay a supervision fee. The offender has alcohol testing in the home and is required to report randomly to the Work Release Center for programs and random drug testing.

PRETRIAL SERVICES PROGRAM

Two Correctional Classification Specialists supervise defendants that are court ordered to participate in the Pretrial Services Program. In 1993, the Frederick County Sheriff's Office, through legislation, was authorized to establish and direct a Pretrial Release Program. The basic concept of the Pretrial Services Program is to release eligible defendants awaiting trial from the Frederick County Adult Detention Center while ensuring a high rate of court appearance. The program focuses on monitoring non-violent offenders in the community. This offsets the cost of their incarceration for Frederick County taxpayers, while minimizing the risk of safety to the community.

DRUG AND ALCOHOL MONITORING

The Work Release Program has a certified on-site drug testing system that allows for immediate test results in determining substance abuse. It is the policy of the Frederick County Sheriff's

FREDERICK COUNTY SHERIFF'S OFFICE – Corrections Bureau

2014 Annual Report

Office to maintain substance free programs. Participants on Work Release, Home Detention and Pretrial Services are tested on a random basis

ALTERNATIVE SENTENCING PROGRAM

The program began operation in 1982 as part of the Frederick County Sheriff's Office. The Alternative Sentencing Program is supervised by Assistant Director of Community Services Melinda Grenier. The program provides the judiciary a sentencing option to order nonviolent offenders to perform court-ordered community service hours in lieu of a jail sentence or high court costs. Community service hours are performed at worksites that meet criteria established in the enabling legislation. The Alternative Sentencing Program utilizes over 90 different worksites to include local, county and state agencies, churches, fire companies and many other non-profit organizations.

The PADDD Program

The PADDD (Positive Alternatives to Dangerous and Destructive Decisions) program was established in 2007. The 3-hour program is a collaboration of speakers from the medical field, recovered trauma patients, families and law enforcement/EMS personnel. The program is an educational tool offering defendants an opportunity to lessen the number of points placed on their license as a result of traffic related charges.

3rd Millennium

In 2008, the Alternative Sentencing Program began managing the community service component for the Frederick County Drug Court and the 3rd Millennium Classroom program was also established. The Alternative Sentencing Program manages court ordered referrals in the completion of an on-line educational class designed for misdemeanor drug and alcohol offenders. Defendants in all programs are required to pay an administrative fee to the agency to offset the cost of the program.

COMMUNITY LABOR UNIT/INMATE LABOR PROGRAM

The Community Labor Unit offers free labor to local and state government agencies, churches, fire companies and many other non-profit organizations. The work crew is made up of work release authorized inmates and defendants that are court ordered and managed by the Alternative Sentencing Program. Examples of work performed include daily cleaning of the Visitation Area and District Court Commissioners Offices at the Detention Center, collection and removal of recyclable paper, grounds maintenance and special projects. This unit also completes special projects for agencies and non-profit organizations within Frederick County.

FREDERICK COUNTY SHERIFF'S OFFICE – Corrections Bureau

2014 Annual Report

Inmate Services Division

The Inmate Services Division is supervised by Ms. Lori Frazee, Director of Inmate Services and is accountable for all programs and services available to the inmate population. This includes classification, food, laundry services, medical services, mental health services, substance abuse programs, library services, GED programs, and religious programs. During 2014 the Assistant Director of Inmate Services was transferred under the Assistant Corrections Bureau Chief as the Prison Rape Elimination Act (P.R.E.A.) Coordinator.

The Director of Inmate Services personally responds to all inmate grievance issues, organizes bi-monthly inmate council meetings, and handles issues with program and contractual staff. In addition to supervising the Correctional Classification Specialists, the Director also supervises social work interns from local colleges. Volunteer orientations and volunteer management is also a component of the Inmate Services Division.

CLASSIFICATION

Classification Specialists handle the daily tasks such as new offender intakes, release dates, housing assignments, work assignments, program assignments, release preparation, inmate request slips, referrals, housing unit management and inmate classification. The Classification Specialists are also responsible for sex offender registration, victim notification, DNA collection, detainers and extraditions, transferring inmates to the Maryland Division of Corrections, and act as a liaison to a variety of public agencies.

FOOD AND LAUNDRY SERVICES

Food and Laundry Services are operated and maintained by Detention Center staff. The Food Services Manager, who is a Registered Dietitian, oversees all kitchen and laundry operations. A Dietary Supervisor and cooks assist the Food Services Manager. There are also approximately 26 inmate kitchen workers and six (6) inmate laundry workers. The inmates assist with food preparation, food storage, and meal service. All inmate kitchen workers are required to attend monthly training on various topics taught by the food service staff and are to abide by all Frederick County Health Department regulations. The kitchen at the Frederick County Adult Detention Center also prepares meals for the Meals on Wheels Program.

MEDICAL SERVICES

Medical Services are contracted out to Correct Care Solutions who purchased ConMed Inc in 2014. The Frederick County Adult Detention Center is accredited by the National Commission on Correctional Health Care. The medical unit has nursing staff on duty 24 hours a day/seven days a week, and a licensed physician or physician's assistant is on-call and visits the facility at

2014 Annual Report

least 4-5 times a week to see inmates. Inmates receive appropriate in-house care and may be referred to outside providers for specialized care. Dental and radiological services are provided at the Detention Center. Inmates are required by state law to pay \$4.00 per medical visit and \$4.00 for each prescribed medication. Dental services are also provided for a \$4.00 charge. If the inmate has no funds, they still receive the services and medications, and their account is charged for them to pay at a later time.

MENTAL HEALTH SERVICES

Mental health services are provided through an agreement with Correct Care Solutions. Correct Care Solutions provides on-site credentialed personnel to provide psychiatric treatment and case management services to mentally ill offenders at the Frederick County Adult Detention Center. Licensed social workers, licensed professional counselors, psychiatrists, and a psychologist provide direct services.

It is important to note that with all of our mental health services, community and other agency support is paramount to the provision of services and the continuation of services once an inmate is released from the Detention Center. The cooperation among County agencies and other support systems in Frederick County is exceptional.

SUBSTANCE ABUSE PROGRAMS

Substance abuse programs are provided through the Frederick County Health Department. Funding sources are a combination of county, state, and federal grant programs. Substance abuse counselors are on-site at the Detention Center, Monday through Friday to provide drug and alcohol treatment and education to both men and women. The primary focus of the Detention Center's program is increasing awareness and personal responsibility in the recovery of our participants. Strong emphasis is placed on relapse prevention and following through with treatment recommendations upon release.

LIBRARY SERVICES

Library services are provided through the Frederick County Public Library System. The Inmate Canteen Account provides the funding for supplies, books, and resource materials. There is currently one full-time Librarian assigned to the Detention Center. A wide range of books and materials are available for the inmates use, including legal reference materials, fiction, non-fiction, self-help, magazines, and current local and regional newspapers. The Librarians are able to assist inmates with research and are available to assist those in need of enhancing their literacy skills. Computers are provided without Internet access for inmates desiring to write letters, make cards, or to prepare information relevant to their individual court cases.

RELIGIOUS PROGRAMS

Currently the Frederick County Adult Detention Center utilizes volunteer chaplains and other religious volunteers to provide services to the inmate population. Such services include bible studies, church services, and individual pastoral counseling.
