

DEMENTIA Live®

Dementia Live offers a unique inside-out understanding of dementia and aging. Participants will gain a heightened awareness of the challenges faced by those who live with dementia, and learn valuable tips and tools to improve communication and care.

With the use of specialized gear in a safe, experiential setting, Dementia Live™ provides participants with a real-life simulation of what it may be like to live with dementia. Participants gain greater understanding that can lead to becoming a more sensitive care partner, and community member so our community can be a fantastic place to live, work, and age for everyone.

Space is limited. Preregistration and screening is required.

Call for more information or to register @ 301-600-6022 or mcollins@frederickcountymd.gov
