| <p><b>Please respond to the questions below. If you prefer to provide responses or additional information in a separate file or document, send the file or document in a separate e-mail to <a href="mailto:rcherney@frederickcountymd.gov">rcherney@frederickcountymd.gov</a> with the bill number/reference in the subject line.</b></p> |   |                       |                       |                       |                       |                       |
| <b>1.</b>  | Describe the impact of this proposed legislation on your agency (operations, revenues, expenditures, etc). If there is no impact, <u>please explain why.</u>  |                       |                       |                       |                       |                       |
| This bill does not fiscally impact the County. The proposed legislation will modify the waterbody buffer width to 175-foot cross-section on each side of a waterbody. This legislation would restore § 1-19-9.400 of the Frederick County Code that had previously been modified to decreased the width of the waterbody buffer in 2013.   |   |                       |                       |                       |                       |                       |
| <b>2.</b>  | Please indicate whether the proposed legislation will affect small businesses in Frederick County, and if it will, please provide any information you may have which could be useful in determining the economic impact on small businesses.  |                       |                       |                       |                       |                       |
| This legislation should not have an impact on small businesses in Frederick County.  |   |                       |                       |                       |                       |                       |
