Please respond to the questions below. If you prefer to provide responses or additional information in a separate file or document, send the file or document in a separate e-mail to rcherney@frederickcountymd.gov with the bill number/reference in the subject line.						
1.	Describe the impact of this proposed legislation on your agency (operations, revenues, expenditures, etc). If there is no impact, <u>please explain why.</u>					
<p>This legislation amends Chapter 1-2 of the Frederick County Code (Administration). It would require anyone that installs or operates a multiple line telephone system to ensure that the system is able to directly dial 911 without any other numbers or combination of numbers. While this legislation sets a fine for violation of this law at \$200 no change in County revenue is anticipated, as the intent of this bill is to inform the community of compliance. No change in staffing/operating expenses are anticipated to result from the changes to the County Code.</p>						
2.	Please indicate whether the proposed legislation will affect small businesses in Frederick County, and if it will, please provide any information you may have which could be useful in determining the economic impact on small businesses.					
There is the potential that some small businesses will need to incur costs to reprogram their telephone systems to comply with this law.
