## Gas House Pike Re-Opens at Bridge Over Linganore Creek

FREDERICK, MD – The Frederick County Office of Transportation Engineering (OTE) announced today that Gas House Pike at the crossing over Linganore Creek is now re-opened to traffic.

The closure allowed the contractor, W.F. Delauter and Son, Inc., to complete construction of two new bridges, roadway bridge approaches, full-depth paving, and surface paving on Gas House Pike. During construction, the existing bridge (F09-21) was replaced with a new 77-foot span concrete bridge. Similarly, just west of Structure No. F09-21, an existing small, multi-cell culvert was replaced with a new 52-foot span concrete bridge. The roadway at this location has been closed since December 7, 2020 and this phase of the project has been completed on-schedule.

The project is still under construction to complete remaining work occurring near and/or off the roadway. At times a one-lane closure along Gas House Pike, utilizing a flagging operation, during daytime work hours will be required to complete the remaining work. The project completion is anticipated for spring 2022, pending weather.

For additional information, contact Project Manager Jennifer Bohager, OTE, at 301-600-3505 or via email at [JBohager@FrederickCountyMD.gov](mailto:JBohager@FrederickCountyMD.gov), or Program Manager Blair Hovatter, OTE, at 301-600-3508 or via email at [BHovatter@FrederickCountyMD.gov](mailto:BHovatter@FrederickCountyMD.gov).
