UPDATE: Boil Water Advisory Lifted for Cloverhill III Water System

FREDERICK, MD – A boil water advisory has been lifted for customers of the Cloverhill III water system. Crews from the Frederick County Division of Water and Sewer Utilities were able to make the necessary repairs without losing water pressure systemwide. The repair work was to fix several water leaks in the vicinity of Christopher's Crossing and Glen Heather Drive.

The Frederick County Division of Water and Sewer Utilities had announced the boil water advisory earlier this afternoon as a precaution for the approximately 330 customers served water by the Cloverhill III Water System.

For more information, residents should call the Division of Water and Sewer Utilities at 301-600-1825 during normal business hours and 301-600-2194 after hours. For further information or questions, contact Division Director Mark Schweitzer at 301-600-2296 or via e-mail at MSchweitzer@FrederickCountyMD.gov
