Please respond to the questions below. If you prefer to provide responses or additional information in a separate file or document, send the file or document in a separate e-mail to rcherney@frederickcountymd.gov with the bill number/reference in the subject line.						
1.	Describe the impact of this proposed legislation on your agency (operations, revenues, expenditures, etc). If there is no impact, <u>please explain why</u> .					
The bill creates a new use category in the Agricultural District called "Limited Landscape Contractor Parking and Storage in the A District." The use is limited to parking licensed commercial vehicles and storage of operational equipment associated with a Landscape Contractor business. It is intended for businesses that simply need a base of operations for vehicle and equipment that then are used to provide services within the community.						
2.	Please indicate whether the proposed legislation will affect small businesses in Frederick County, and if it will, please provide any information you may have which could be useful in determining the economic impact on small businesses.					
It allows for small businesses like landscapers, tree service, and other related businesses to operate in the agricultural district by reducing the constraints associated with current Limited Landscape Contractors. Specifically, the bill allows for the use on smaller parcels – specifically 80,000 square feet (just under 2 acres), instead of 5 acres, and disallows retail operations.
