Subject: Frederick County Board of Education Applicant Letter of Interest

Dear Members of the Frederick County Board of Education:

I am writing to express my strong interest in serving on the Frederick County Board of Education. As a seasoned executive in the pharmaceutical and life-sciences industry — currently overseeing a management consulting business and engaged in leadership, organizational design, and strategic growth — I bring a perspective grounded in operational excellence, fiscal accountability, and stakeholder engagement.

I understand that the Board plays a key role in policy-setting, oversight of curriculum and staff appointments, monitoring of the district's master plan, and approving major capital and budget decisions for the Frederick County Public Schools. With my background leading cross-functional and global teams, integrating complex systems, and driving change in regulated environments, I believe I am well-positioned to contribute meaningfully to that work.

In particular, I offer:

- A proven track record of building and scaling organizations, which aligns with the Board's need to steward growth, manage resources, and ensure long-term strategic alignment.
- Strong experience in regulatory compliance, data-driven decision-making, and risk management — all of which are directly relevant in the evolving education policy landscape across Maryland.
- A commitment to equity, quality, and innovation in learning outcomes — recognizing that state and federal frameworks (such as the Blueprint for Maryland's Future) place increasing demands on school systems and their governance.
- A collaborative and cooperative leadership style that values engaging diverse stakeholders — students, families, teachers, community members — to build trust and achieve shared goals.

I am eager to apply my business leadership discipline to the mission of the Board: to set a high standard for public education in Frederick County, to ensure every student has access to an excellent learning environment, and to guide the school system through both near-term challenges and long-term opportunities.

Thank you for your consideration of my interest. I would welcome the opportunity to discuss how I might support the Board and the Frederick County Public Schools in fulfilling their goals.

Respectfully,

Parijat Jain, PhD, MBA
